

# FGA Apprenticeships

## THE PROBLEM: OUT-OF-CONTROL LICENSING IS HOLDING WORKERS BACK

Nearly one in three workers must **obtain a license** before starting their career.

Workers must **spend thousands** on educational courses.

Workers must **spend hundreds of days** training.

## THE SOLUTION: LET WORKERS EARN WHILE THEY LEARN AND COUNT WORK EXPERIENCE TOWARDS LICENSING REQUIREMENTS

### Workers can obtain licenses by:

Completing an **apprenticeship** in the licensed occupation.

**Passing** any necessary exams.

**Paying** any necessary fees.

# FGA Apprenticeships

## THE IMPACT

Employers are desperate for workers. Loosening licensing restrictions would make it easier for Americans to **fill open jobs.**

Those who complete apprenticeships have a **higher employment rate.**

Those who complete apprenticeships **earn higher starting salaries.**

Apprenticeships could **reduce welfare dependency.**

## WHO IT HELPS

Apprenticeships allow individuals to pursue training in their chosen vocation while earning a living at the same time—a win-win for all.

Dental hygienists

Pharmacy technicians

Home inspectors

Real estate appraisers

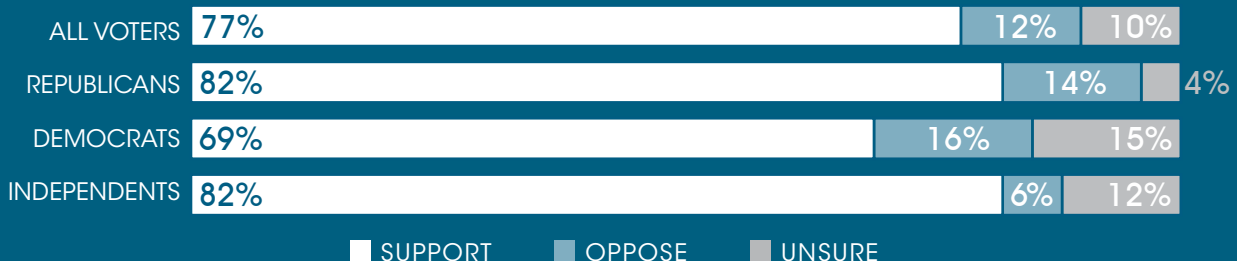

Respiratory therapists

Radiologic technologists
