Unsure	10%	6%	14%	8%

People receiving Medicaid benefits do not always report income changes that make them ineligible to receive benefits, even though they are legally required to do so. This leads to taxpayers paying for individuals to receive Medicaid even when they are no longer eligible. Do you support or oppose a 6-month restriction from receiving Medicaid benefits as a consequence for people who fail to report income changes as required by law?				
Support	66%	79%	54%	65%
Oppose	23%	11%	34%	19%

Some small businesses pool their resources together to create health insurance plans for their employees. These association health plans are often cheaper than what a small business could buy on its own. Would you support or oppose loosening restrictions on association health plans to make it easier for businesses to pool their resources together to create lower-cost health insurance plans for their employees?

Support	83%	94%	75%	79%

Health insurance plans are subject to regulations that drive up premiums. Temporary insurance policies are not subject to all of these regulations and can be purchased at significantly cheaper prices. However, many states do not allow these plans to be sold for durations longer than three months. Would you support or oppose allowing consumers to buy temporary plans that last up to a year and are renewable for up to three years?

MARGIN OF ERROR

Results for this poll are based on automated telephone interviews conducted among a statewide sample of 534 likely voters. Data for this survey research was collected by Cor Strategies Inc.

Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation. The surveys were conducted January 26-29, 2019.

The margin of sampling error is plus or minus 4.24 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

Data was sampled using weighted demographic information from state election authorities. Demographic information for actual voters in past elections were used to construct sample target weights.

The Foundation for Government Accountability paid for all costs associated with this survey.
