

Georgians Are Loving Secure Election Laws

Georgia voters support the new election law.

THESE MESSAGES WORK BEST

Voters have more confidence in future elections given these changes:

Local election administrators are **prohibited from receiving private donations, grants, or gifts.**

Counties are **required to have drop boxes securely monitored** at all times.

Absentee and mail-in voters will be asked to **provide ID to prove they are who they say they are.**

Addition of **more polling locations for voters** when extra voting machines are not enough to alleviate long lines.

Georgians Are Loving Secure Election Laws

KEY MESSAGES

Voters also have more confidence in future elections given these changes:

<p>Polling locations with long wait times will be required to add more voting machines.</p> 	<p>Georgia state IDs are available for free.</p> 	<p>The law establishes a hotline for reporting suspicious activities involving elections.</p> 
<p>Election officials can be punished legally for disenfranchising voters.</p> 	<p>Polls are allowed to be open 7 AM-7 PM on weekdays during the early voting period.</p> 	<p>State legislature can compel election officials to do their jobs.</p> 

DEMOGRAPHICS	Party Affiliation			Age			Gender	
	37% R	34% D	28% I	40% 18-44	37% 45-64	23% 65+	45% MALE	55% FEMALE

Results for this poll are based on automated telephone interviews conducted among a statewide sample of 511 likely voters. Data for this survey research was collected by Cor Services, Inc.

Interviews were conducted via a computer-assisted telephone interviewing system utilizing techniques designed to achieve the highest possible respondent cooperation.

The surveys were conducted June 12-17, 2021. The margin of sampling error is plus or minus 4.34 percentage points. The margin of sampling error may be higher for certain subgroups. Results presented may not always appear to total 100 percent due to rounding.

Data was sampled using weighted demographic information from the U.S. Census Bureau's Current Population Survey Voting and Registration Supplement and the state election authorities. Demographic information for actual voters in past elections were used to construct sample target weights.

The Foundation for Government Accountability paid for all costs associated with this survey.
