

ZUCKERBUCKS

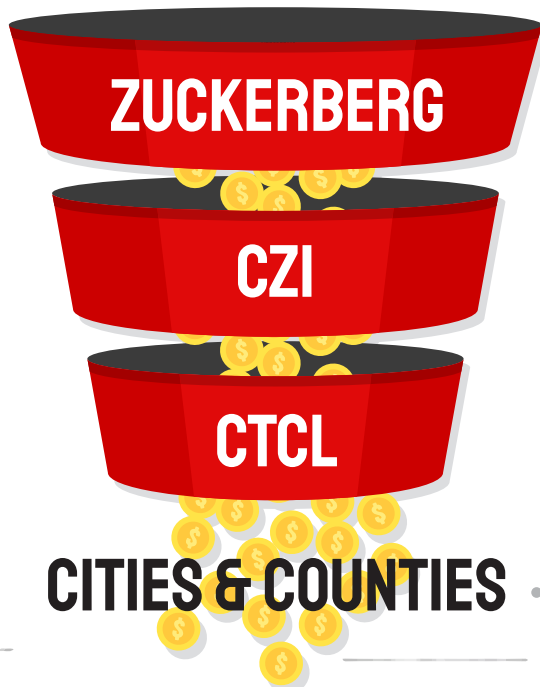

IN 2020, MARK ZUCKERBERG AND HIS WIFE SPENT

NEARLY \$400 MILLION

TO FUND ELECTION
ACTIVITIES ACROSS
THE COUNTRY

WHERE THE
FUNDS CAME FROM

HOW THE MONEY WAS SPENT

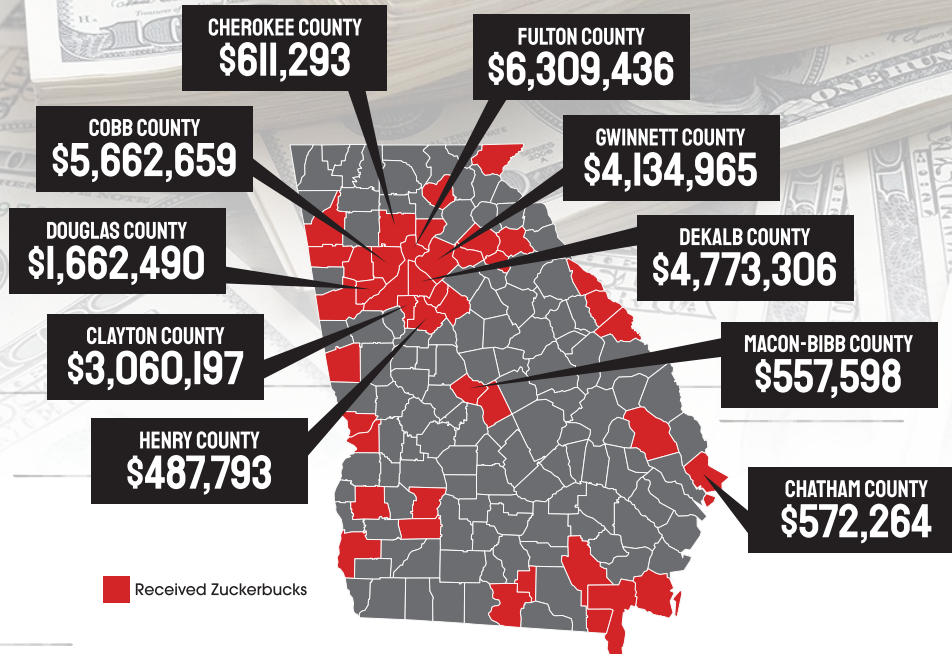

Jurisdictions used the money to...

- Buy/rent vehicles.
- Create a costly get-out-the-vote rap video (Missouri).
- Monitor Facebook posts (Ohio).
- Register high school students to vote and give some staff \$10,000 pay raises (Arkansas).
- Pay Verizon phone fees, attorneys, restaurants, and more.

DOLLARS FOLLOWED DEMOCRATS

Grants were siphoned to Democrat-leaning counties and boosted Democrat turnout.

Georgia received more than **\$45 MILLION DOLLARS** and 75% of grant counties significantly shifted Left.

Ohio received more than

\$8 MILLION DOLLARS

More than 70% of Biden-carried counties received funds, while less than half of Trump counties did.

Pennsylvania received nearly

\$25 MILLION DOLLARS

in grants, with 90% of those counties seeing an increase in Democrat turnout.

BOTTOM LINE:

RESTRICT THE ABILITY OF PRIVATE FUNDING, SUCH AS ZUCKERBUCKS, TO INFLUENCE FUTURE ELECTIONS.
