

Gov. Ron DeSantis on Banning Critical Race Theory in Florida

Critical race theory (CRT) is rooted in Marxism. Florida Governor Ron DeSantis says it's an attempt to put modern-day leftist ideology into school curriculum.

That's why the Florida Board of Education banned CRT in the Sunshine State. Here, Gov. DeSantis discusses why CRT is so harmful to students, and what his state has done to set rigorous education standards to ensure kids aren't on the receiving end of ideology-driven agendas in the classroom.

"[CRT] is an attempt to put modern-day Leftist ideology into the curriculum and treat kids differently based on the color of their skin."

—FLORIDA GOVERNOR RON DESANTIS
