

# Bidenflation Is **WRECKING** Vermonters' Wallets

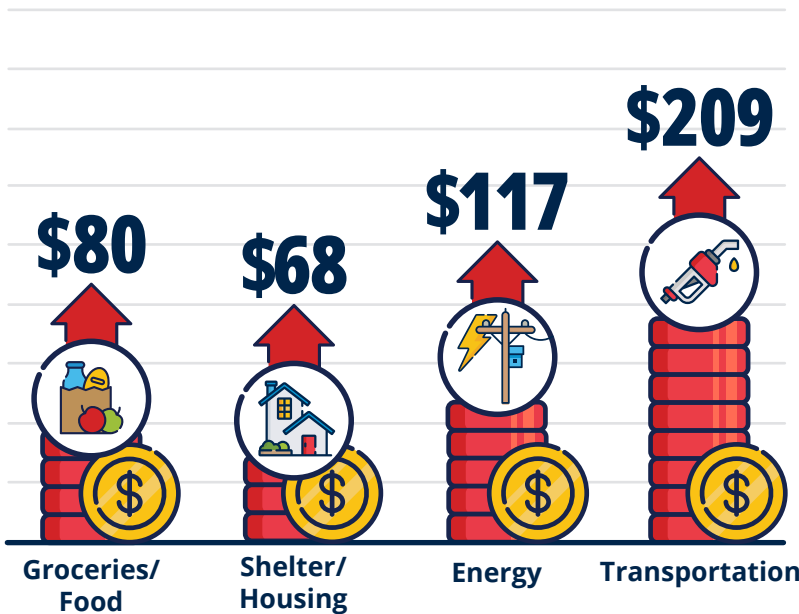

Inflation is costing families an additional

**\$603** per month

*That's \$7,238 annually!*

*(Annualized)*

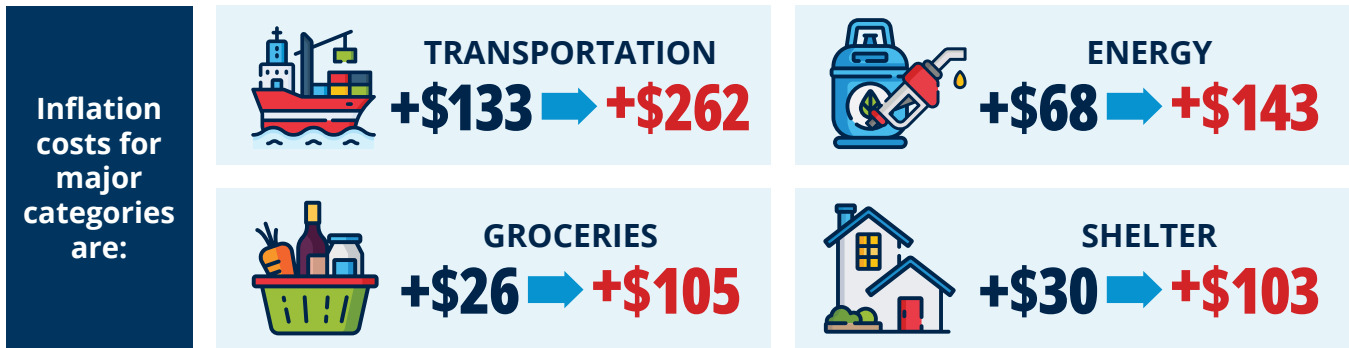

**REINS**  
can  
**SLASH**  
record-high  
inflation and  
skyrocketing  
consumer costs.

**Congress can tame inflation** by requiring costly regulations, guidance, and other agency actions to receive congressional approval before taking effect **with the REINS Act.**

\*As of September 2022

# Americans are facing the highest inflation rates in decades.

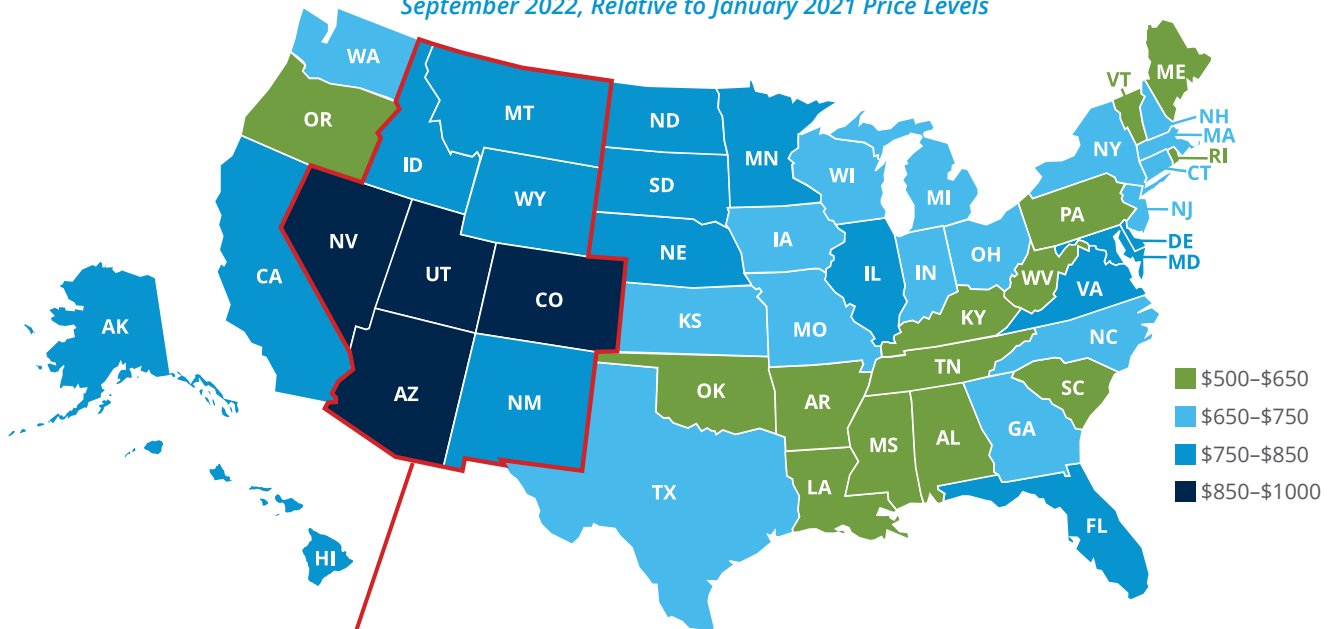

The inflation that has already occurred will cost the average American household **\$8,739 annually**.

■ September 2021 ■ September 2022 | Calculations relative to January 2021 prices

## INFLATION RATES AND AVERAGE HOUSEHOLD INFLATION COSTS BY STATE

September 2022, Relative to January 2021 Price Levels

Families in the Mountain West are facing the highest inflation rates, with prices today **16.0 percent higher** than in January 2021.
