

**SEN. CHRIS KAPENGA**  
WISCONSIN SENATE PRESIDENT

## **The Numbers Don't Lie: Priorities and Public Service with Wisconsin Senate President (and CPA) Chris Kapenga**

In Wisconsin, Senate President Chris Kapenga knows that people are concerned with inflation, with the cost of health care, and with the rising cost of living their lives. As a Certified Public Accountant (CPA), Sen. Kapenga also sees in dollars and cents how Washington, D.C., doesn't always have people's best interests at heart—how bureaucrats push short-term solutions that bring about long-term problems.

***"You always have to go back to numbers. [...] We don't want to be politicians and play the short-term game; we want to be public servants and play the long-term game."***

—SEN. CHRIS KAPENGA
