

**TYLER AUGUST**

WISCONSIN ASSEMBLY MAJORITY LEADER

## Good policy and good politics with Wisconsin Assembly Majority Leader Tyler August

When your policies make a real difference for the people you represent, they reward you at the ballot box time and time again. Wisconsin Assembly Majority Leader Tyler August sits down with FGA to discuss good-government reforms like banning “Zuckerbucks”—an active effort by a third-party group to impact the outcome of our elections. Rep. August led the effort to outlaw “Zuckerbucks,” and when the governor vetoed it, he pushed a constitutional amendment to bring it directly to the voters.

*“For voters to be confident in the outcome, they have to be confident in the process on the front end.”*

—TYLER AUGUST
