

SEN. TY MASTERSON
KANSAS STATE SENATE

AGENDA PREVIEW: **Kansas Senate President Ty Masterson**

In Kansas, reform-minded legislators like Senate President Ty Masterson have a plan to get things done. Masterson sits down with FGA to talk about his agenda of cutting the retirement tax, flattening the income tax, and keeping education focused on opportunity or “learn to earn,” as Senator Masterson puts it. Senator Masterson also discusses working with other members of the Legislature, getting things done in a supermajority with a governor from another party, and what drives him personally—his kids and grandkids.

“I see my six kids and my five grandkids. I see their faces and their futures, and that’s what drives me on things like education and parental rights and opportunities for our kids.”

—SEN. TY MASTERSON
