

SEN. RICKY HILL

93RD GENERAL ASSEMBLY OF ARKANSAS

Arkansas Sen. Ricky Hill on the Value of Hard Work

There's nothing wrong with our economy that hard work can't solve. That's what drives Sen. Ricky Hill's economic agenda for Little Rock: If you come to Arkansas, we want to welcome you with a smile and have a job waiting for you.

Sen. Hill outlines his measures to welcome veterans and military personnel, accept licensure from other states to help new movers get a job more quickly, and reward people who want to come to Arkansas to work.

"We'll accept the license from other states. The main objective that we have is, when you come to Arkansas, we want to welcome you with a smile and say hey, we've got a job waiting on you."
